## **Krista Lee Langille**

### **School of Trades and Transportation**

#### **Akerley Campus**

Krista Lee Langille is an NSCC Women Unlimited graduate who has found success as a Red Seal welder at Halifax Shipyard with Irving Shipbuilding and is an advocate for women pursuing careers in skilled trades.

Krista has made significant contributions to her community and NSCC. From graduating with honours to her continued involvement empowering young women, she is a true ambassador of the College's vision helping to transform the province one learner at a time.

Krista's journey to NSCC was not an easy one, having overcome many hardships in her life. She dropped out of school in grade 10 and moved to Toronto at age 16. She eventually returned to Nova Scotia as a mother of two, earned her GED and found work at a call centre. While in search of something more, a worker at the employment insurance office told her about NSCC's Women Unlimited program to explore careers in trades and technology, which inspired her to embark on a new path as a student.

In 2012, Krista began her journey with Women Unlimited which led to her love for welding. In the program, Krista made new and lasting friendships, discovered skills she had within herself and learned about trades in shop visits at NSCC. She chose to pursue welding and worked hard at school and at home.

Through perseverance and resilience, Krista graduated with a Welding diploma from Akerley Campus in 2014. In 2016, she achieved her Red Seal certification - the first Women Unlimited participant to receive a Red Seal in welding.

Since then, she has worked steadily as a welder and spent a year teaching trades at the high school level and running an after-school trades program for teen girls.

Krista loves to inspire and be inspired. She was hired by Irving Shipbuilding in January 2021 where she continues to mentor welding apprentices and "pass along the positivity" every day. Aside from empowering young women interested in the trades, she says building ships for the Royal Canadian Navy is the most rewarding job she has ever had.

Dedicated to giving back, she often returns to Women Unlimited as a guest speaker and mentor, offering words of wisdom and a look at the welding trade as a skilled and passionate alum.

# Convocation 2024

## Valedictorian

NSCC is proud to introduce the outstanding student(s), chosen by their campuses to represent the achievements and experiences of the Class of 2024.

## David Swinimer

### School of Technology and Environment

#### Diploma in Natural Resources Environmental Technology

David's decision to make a life change and return to school was fueled by a relentless pursuit of growth and purpose. After many years of working in roles from accounting, management and as a courier driver, he knew his passion for the outdoors and desire to give back to the community was the direction he wanted to go. The winds of change led him to his hometown of Bridgewater, where he knew he would find opportunity and belonging.

The NRET program helped David hone his commitment to stewardship and advocacy for the planet. His classmates became more than peers; they became family, and some of the most inspiring people he's met. He credits his instructors for fostering an environment of open discussion and engagement, creating space for deep connection, learning and creativity. The impression his peers and faculty had on him will go beyond his years as a student, he says, as he graduates with a newfound sense of purpose and compassion.

Following graduation, David hopes to continue learning, teaching those around him and seek a role where he can make the world a better place.

David's message to his fellow graduates: "Always be learning. Knowledge is key to understanding the world and those in it. Teach others what you learn and lead with grace, compassion and understanding. Go out and be great people doing great things."
