NSCC is proud to introduce the outstanding student(s), chosen by their campuses, to represent the achievements and experiences of the Class of 2024.

## Starleen Gould

### School of Health and Human Services

#### Continuing Care

A proud mother of three, Starleen was on a journey to become a greater version of herself when she chose to attend NSCC Marconi Campus. Envisioning a brighter future where she could provide a good life for her family and fulfil her true calling as a caregiver, Starleen enrolled in the Continuing Care program.

During her studies, Starleen found comfort in being able to focus on her love for helping people and her fascination with human nature. Reflecting on her time at NSCC, Starleen expresses gratitude to her faculty for their support and inspiration, cherishing the memorable experiences and friendships made. Notably, she recalls making her very first ribbon skirt as an experience she will never forget.

Starleen is eagerly anticipating the opportunity to contribute to the healthcare system with the knowledge and skills she acquired in her program. She plans to continue her education and enrol in Practical Nursing – Mi'kmaw and Indigenous Offering and aims to work at the new long-term care facility in Eskasoni.

Starleen offers these words of advice to her fellow graduates: "Do not be afraid to ask for help in any circumstances. Always believe you can. Good wishes for your journey. I hope you enjoy your flight and have a trip of a lifetime!"

## Krista Lee Langille

### School of Trades and Transportation

#### Akerley Campus

Krista Lee Langille is an NSCC Women Unlimited graduate who has found success as a Red Seal welder at Halifax Shipyard with Irving Shipbuilding and is an advocate for women pursuing careers in skilled trades.

Krista has made significant contributions to her community and NSCC. From graduating with *Honours* to her continued involvement empowering young women, she is a true ambassador of the College's vision helping to transform the province one learner at a time.

Krista's journey to NSCC was not an easy one, having overcome many hardships in her life. She dropped out of school in grade 10 and moved to Toronto at age 16. She eventually returned to Nova Scotia as a mother of two, earned her GED and found work at a call centre. While in search of something more, a worker at the employment insurance office told her about NSCC's Women Unlimited program to explore careers in trades and technology, which inspired her to embark on a new path as a student. In 2012, Krista began her journey with Women Unlimited which led to her love for welding. In the program, Krista made new and lasting friendships, discovered skills she had within herself and learned about trades in shop visits at NSCC. She chose to pursue welding and worked hard at school and at home.

Through perseverance and resilience, Krista graduated with a Welding diploma from Akerley Campus in 2014. In 2016, she achieved her Red Seal certification - the first Women Unlimited participant to receive a Red Seal in welding.

Since then, she has worked steadily as a welder and spent a year teaching trades at the high school level and running an after-school trades program for teen girls.

Krista loves to inspire and be inspired. She was hired by Irving Shipbuilding in January 2021 where she continues to mentor welding apprentices and “pass along the positivity” every day. Aside from empowering young women interested in the trades, she says building ships for the Royal Canadian Navy is the most rewarding job she has ever had.

Dedicated to giving back, she often returns to Women Unlimited as a guest speaker and mentor, offering words of wisdom and a look at the welding trade as a skilled and passionate alum.

## **Sandra Anne McKenzie**

### **School of Access, Education and Language**

#### **Ivany Campus**

Sandra Anne McKenzie is a champion for Nova Scotia ingenuity and is known for leading transformational strategies in workforce development, adult education, economic development, policy development and strategic planning.

Sandra's career is inextricably linked to the success of NSCC. Twenty-six years ago, she played a pivotal role as a member of the provincial government team supporting the creation of the College. Since the beginning, she's stood behind NSCC as a catalyst for community and individual prosperity.

As one of the founders of the Nova Scotia School for Adult Learning (NSSAL) Sandra advocated for accessible, high quality post-secondary education. Other legacy initiatives include the foundations for province-wide career and employment counselling through Nova Scotia Works, the Workplace Education Program, the Read to Me Program with Dr. Richard Goldbloom, the Halifax Youth Foundation and the IWK, and the Family Literacy Initiative Endowment Fund.

Her extensive government experience led her to serve Nova Scotia as Deputy Minister of Education and Early Childhood Development, Deputy Minister of Labour and Advanced Education, and Acting Deputy Minister of Economic and Rural Development and Tourism. Sandra also chaired the Ships Start Here partnership which brought government, businesses, and leaders together to support the bid for the federal shipbuilding contract.

Following her time in the government, she has launched a successful consulting business, McKenzie Consulting, and is co-founder of the Forge Institute, a thinker space dedicated to thought leadership for social innovation. She was also the inaugural chair of the Forestry Innovation Transition Trust. An active member of her community, Sandra chairs the Alderney Landing Board, Get Everyone Online (GEO) and is vice-chair of the Halifax Youth Foundation.
